Step 2:

Authors

Please enter any co-authors here. If there is more than one co-author, you can specify the order in which they should appear on the final published article, by using the arrows in the Order column.

The corresponding author is the person who we email with updates, and is responsible for managing the submission.

You must provide the definitive list of all authors now.
Changes are only permissible during the review process and you will need to get approval for any changes by contacting the journal's Editor in Chief with your change request and a clear reason for the change.
